

HyperX Clutch - Wireless Gaming Controller (Black) - Mobile PC (516L8AA)

Take control of your mobile gaming

Get better control of your mobile gaming with the HyperX Clutch wireless gaming controller. With its comfortable grip, directional pad, buttons, and analog sticks, this controller will put the joy back into your mobile gaming experience. The mobile clip can accommodate phones from 41mm-86mm (~1.6in-3.3in) in width. It also conveniently connects wirelessly to other devices like tablets and PCs, making it a versatile device for the gamer who plays on many systems. With up to 19 hours[2] of battery life,

More control over mobile gaming

Get better controls for your mobile gaming, and don't slip up in the Clutch! You won't have to worry about imprecise touchscreens letting you down with the Clutch's precise input.

Comfortable ergonomic design

Play comfortably for longer with comfortable, textured grips. Take control with both hands and reduce the pain from "phone wrist" and "phone finger".

Multi-platform for cloud gaming

The HyperX Clutch can connect wirelessly to Android devices using Bluetooth®[1], so you can play games on your tablet. It can also connect to your PC via the included receiver and USB-C to USB-A cable.
